Albatros Expeditions celebrates their Newest Vessel, Ocean Albatros, in Christening Ceremony

15 March 2024, Copenhagen - Albatros Expeditions, a leading name in polar exploration and adventure travel, proudly announced the christening ceremony of their latest state-of-the-art vessel, the Ocean Albatros. The event is taking place on 7 May 2024 at Nordre Tolbod, in the heart of Copenhagen, Denmark.

The addition of the Ocean Albatros to the fleet signifies a milestone, cementing Albatros Expeditions' position in polar exploration and adventure travel. The christening ceremony not only marks the celebration of a cutting-edge vessel in their fleet but also symbolises a moment of pride for the Danish family-owned company as the ceremony unfolds in the heart of the country's capital.

Søren Rasmussen, Founder and Chairman of Albatros Expeditions, expressed his enthusiasm about the christening ceremony, stating, *"Since 1986, with the establishment of Albatros Travel Group, our goal has been to create life-changing memories for our guests. With these modern, eco-conscious vessels, we are able to offer small-ship expeditions inspired by our Nordic heritage that are truly once-in-a-lifetime journeys. While we usually only traverse between Antarctica and the Arctic, we are looking forward to welcoming the Ocean Albatros to our hometown and celebrating with our family, friends, and partners."*

Guests of the ceremony will be treated to a unique opportunity- the chance to step aboard the Ocean Albatros and receive a guided tour. This firsthand experience will allow them to appreciate the elegant interiors and technical features that set this vessel apart. The day will complete with the traditional champagne christening on the bow, a moment of celebration as Albatros Expeditions officially welcomes the Ocean Albatros into its fleet.

For media inquiries regarding participation and coverage of the ceremony, please complete the form using this [link](#). We will be in touch after reviewing your request.

About Albatros Expeditions:

With its state-of-the-art eco-conscious vessels, Albatros Expeditions provides sustainable small ship expeditions inspired by its Nordic heritage. The company, operating since 1986, has been dedicated to crafting life-changing memories for its guests while delivering unbeatable value. Albatros Expeditions considers its guests, staff, and crew as part of its extended family, fostering a warm and welcoming environment for all.

About Albatros Travel Group:

Albatros Travel Group, established in 1986, has become a prominent figure in the Scandinavian travel sector. As one of the leading roundtrip tour operators, Albatros primarily serves outbound travellers from Denmark, Norway, Sweden, Finland, and, since 2018, Poland. Over time, Albatros has expanded its offerings to encompass a diverse range of specialised experiences for the global market, including exclusive polar cruises, African safaris, and international marathon events. Moreover, Albatros sets itself apart by owning modern expedition ships, four exceptional safari camps, three country lodges in Africa, and four hotels in Greenland, ensuring unmatched quality and comfort for its guests throughout their adventures. While Albatros' headquarters are situated in Copenhagen, the group also maintains offices and bases in Poland, South Africa, Tanzania, China, and Greenland.
